- **USB Wireless Receiver**
- **Instruction Guide**

Please read this short manual to learn valuable information about the proper use and installation of your new Wireless Presenter with Laser Pointer. Register your new Wireless Presenter with Laser Pointer online at www.register.kensington.com.

Important: Safety Information

CAUTION! The Wireless Presenter with Laser Pointer includes a built-in laser pointer. Therefore, as with any laser pointer, it is important to adhere to the following warnings and safety instructions to prevent injury:

- Never shine a laser pointer into a person's eyes, or stare into the laser beam. Pointing a laser pointer into a person's eyes, or staring directly at the laser beam, can cause instant temporary vision dysfunction such as flash blindness, disorientation or glare. This can be particularly dangerous if the exposed person is engaged in a vision-critical activity such as driving. In addition, prolonged and/or repeated exposure to the laser beam can be hazardous and damaging to eyes.
- Never aim a laser pointer anywhere on any person or animal. Laser pointers are designed to illustrate inanimate objects only. In some states and provinces, it is illegal to aim a laser pointer on a law enforcement officer or on any other person. The purchaser/user is responsible for insuring that his or her use of the laser pointer conforms to any local laws.
- Do not point a laser pointer at mirror-like surfaces. A reflected beam can act like a direct beam on the eye.
- Laser pointers are not toys. Do not allow a minor to use a pointer unsupervised. In some states and provinces, it is illegal for a minor to purchase and/or use a pointer. The purchaser/user is responsible for insuring that his or her purchase or use of the laser pointer conforms to any local laws.

Connecting your Wireless Presenter with Laser Pointer

To connect to a USB port: Plug the Presentation Remote USB Receiver into your computer's USB port. You may also use the spare USB port on your keyboard or a USB port on a hub connected to your computer.

About your Wireless Presenter with Laser Pointer

- Range: Up to 65 feet (20m)
- Frequency: 2.4 GHz
- The receiver has a single light indicator with 2 colors, green and red. For every button press of the presenter, the receiver LED quickly flashes green to indicate that the battery level is good. The LED will flash red on every button press if the battery level is low.
- The Wireless Presenter with Laser Pointer should work up to one year with the batteries that come with it. This is based on average usage. To extend battery life when not in use, be sure to turn off the remote by inserting the receiver into the remote.

Technical Support Tips

- You may find the answer to your problem in the Frequently Asked Questions (FAQ) section of the Support area on the Kensington Website: www.support.kensington.com.
- Technical support is available to all registered users of Kensington products. There is no charge for technical support except the cost of the phone call, and long distance charges where applicable. Technical Support Contact information can be found at the end of this instruction guide.
- Call from a phone where you have access to your computer
- Be prepared to provide the following information:
 - Name, address, and telephone number
 - The name of the Kensington product
 - Make and model of your computer
 - Your system software and version
 - Symptoms of the problem and what led to them

Federal Communications Commission Radio Frequency Interference Statement

Note: The Kensington Wireless Presenter with Laser Pointer model number 33374 has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment causes harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

MODIFICATIONS: Modifications not expressly approved by Kensington may void the user's authority to operate the device under FCC regulations and must not be made.

Declaration of Conformity Compliance Statement

The Kensington Wireless Presenter with Laser Pointer model number 33374 complies with Part 15 of the FCC Rules. Operation is subject to two conditions: (1) This device may not cause harmful interference, and, (2) this device must accept any interference received, including interference that may cause undesired operation. As defined in Section 2.909 of the FCC Rules, the responsible party for this device is Kensington Computer Products Group, 333 Twin Dolphin Drive, CA 94065, USA.

This Class B digital apparatus complies with Canadian ICES-003.

For Europe, a copy of the Declaration of Conformity for this product may be obtained by clicking on the *Compliance Documentation* link at www.support.kensington.com.

The Following Information is Only for EU-member States:

The use of the symbol indicates that this product may not be treated as household waste. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. For more detailed information about recycling of this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.
